

2014 Expense Detail

Enrollment Fee

The enrollment fee is due prior to the start of pre-service training. The enrollment fee may be applied toward the TNTP Academy tuition for all Fellows who successfully complete pre-service training.

Enrollment Fee	\$300
----------------	-------

Pre-Service Training Expenses

In May, you'll begin your commitment with a rigorous pre-service training program that is centered on field experience. You will study proven teaching techniques that great teachers use every day to advance student learning and can expect to practice these techniques intensively, both with peers and with real students in summer school classrooms.

Pre-service training	Free
----------------------	------

TNTP Academy

During your first year working as a full-time teacher, you will complete TNTP Academy certification coursework under the guidance of outstanding Georgia teachers. The centerpiece of this experience will be monthly content-area seminars that will either take place in person or online, depending where you are teaching. Lessons from seminars will be practical and personalized – you'll be able to apply what you study in your classroom the very next day.

TNTP Academy tuition	\$4,500
----------------------	---------

Certification Costs

You are responsible for the costs associated with obtaining a Georgia Department of Education Clear Renewable Certificate.

Transcripts from undergraduate/graduate degree programs	Varies
Fingerprinting	Varies by district
Testing	GACE Program Admission (combined test) - \$128 GACE Program Admission (single test) - \$78 GACE Content Test (combined) - \$193 GACE Content Test (single) - \$123

As a Georgia Teaching Fellow, you may be eligible for \$2,000 stipend upon successfully completing pre-service training. Details are provided in the [Salary and Benefits](#) section of the website.

Note: All of the above costs are based on the 2013-14 school year and are subject to annual increase.
